In Town and Country!

In the past two years more than 100 new industries have become established in Manitoba. The outstanding feature of this expansion is the location of many of these industries in rural towns.

The harmonious gathering of town and country in the Annual Bonspiel is an example of the overall stability growing in Manitoba's economy.

Foreword

It is my privilege as President of the Manitoba Curling Association to extend greetings to all members and friends of our Association and a specially warm and sincere welcome to contestants and supporters of our sixty-second Annual Bonspiel being held in Winnipeg commencing Tuesday, February 7th, 1950.

Your Executive Council have done everything in their power to make this year a memorable one in the annals of curling.

We extend a royal welcome to members of our brother organizations from other provinces of Canada and from the United States. It is our wish that your visit with us will be most enjoyable.

The good fellowship of meeting old friends and making new ones on or off the ice is what makes this grand old game the huge success it is. Good curling to all.

MESSAGE FROM OUR PREMIER

I would like to take this opportunity on behalf of the Manitoba Government to welcome all those participating in the sixty-second Annual Bonspiel of the Manitoba Curling Association.

Once again the many hundreds of visitors at and participants in the "Worlds Largest Bonspiel" will be gathering in Winnipeg. A main attraction, I think, of an event of this kind, drawing as it does people from all parts of Canada and the United States, is the fact that all of you come each year to renew the friendships and acquaintances made in the past.

Combined with these friendships is the appeal of the sport itself, with its accompanying clean competitive atmosphere.

I feel sure that this annual event will continue to show a record entry each succeeding year, and wish those responsible for its organization, as well as those taking part, a successful and enjoyable bonspiel.

DOUGLAS CAMPBELL
Premier of Manitoba.

A MESSAGE FROM THE MAYOR

All Curlers, wherever they may be, are warmly invited to come to Winnipeg and take part in the great annual Curling Bonspiel held under the auspices of the Manitoba Curling Association. This bonspiel is by far the greatest sports event of its kind held anywhere in the world. I extend an equally warm invitation to the friends of competing curlers, and their supporters, to come to the Winnipeg Bonspiel and have a good time.

To the curlers themselves, and to all out-of-town visitors, I give a most hearty welcome on behalf of the City administration and of all Winnipeg citizens. We like to have you visit us. We want you all to have a good time, and when your visit is over and you go back to your homes we want you to carry with you pleasant recollections of the hospitality of the people of Winnipeg.

I give my best wishes for the success of the 1950 annual bonspiel.

Yours sincerely,

GARNET COULTER,

Mayor

Dear Curling Friends:

You have given me signal honor in naming me as chaplain of the Manitoba Curling Association, and I am looking forward to meeting old friends and new in this fellowship. If I can be of any little service to the Manitoba Curlers, the appointment will be a real privilege. To follow in the footsteps of that grand veteran and good sportsman, Dr. Thomas Neville, will be no easy task. I shall require, in addition to his inspired mantle, a double portion of his spirit, and along with these the patient guidance of the Association members.

One privilege of the chaplaincy is to arrange for the Annual Bonspiel Church Service. This service will be held in Young Church, Sunday, February 12th, at 11 a.m. The most hearty invitation is extended to every member of the Association, and to all lady curlers, and to the members of that increasingly significant and splendid group, the High School curlers. Mr. John Leamen will preside at the organ and with the choir, will provide inspiring music for the occasion. The whole service will be planned for our curling guests and it will be our great satisfaction, if we can make it an impressive and memorable event of a completely glorious week.

My hearty greetings and good wishes to you all, with the sincere hope of meeting every one of you in February's grandest week.

Faithfully yours,

WALTER E. DONNELLY.

Winnipeg, December 5, 1949.

7. No person can be a regular member of more than one affiliated club at one and the same time, and a list of such members shall be sent to headquarters with their semi-annual reports not later than the first of November in each year, but a person may join more than one club, although not allowed to play as a regular member of the club in district or bonspiel matches.

8. Should any new members join the club during November, December and January, the secretaries must forward to the Secretary at headquarters a list of such members not later than the date of the closing of bonspiel entries so as to qualify them to take part in the Annual Bonspiel in February.

9. Persons who from change of residence or other reason find it desirable, may withdraw from one club and be received into another during the curling season; but the change before coming into effect must receive the assent of both clubs and be approved by the Executive Council of the Association.

10. No such change or any other reason shall make it lawful for any curler to play in any one season for or on behalf of more than one club for prizes allocated by the Association or given under its auspices.

11. Clubs shall classify their members as Honorary, Regular and Associate. Each club shall pay an annual fee of \$2.00, and on each regular member thereof a per capita tax of 25 cents (or \$1.00 as provided in paragraph 4) per annum. These fees must accompany the annual report after the annual meetings of clubs upon the first Wednesday of April in each year. GENERAL RULES

1. Play will commence each day at 9.00 a.m., 12.45, 4.30, 8.15 p.m., and games will be of twelve ends unless arranged otherwise by the Ice Committee.

2. At starting times, as stated in paragraph 1, umpires shall give starting signal, first in waiting rooms, and immediately after on the ice. All rinks to be on the ice upon which they are drawn to play at the time at which they are drawn to play.

3. If competing rinks are not on the ice ready to play when signal is given, and opponents are ready to play, the umpire shall score against the late rink one point for every fifteen (15) minutes or fraction thereof it is late: such penalty points to be marked on score cards by umpires and must be considered in the total score of the game. Opponents of late rinks must accept points marked on score cards by umpires and on no account can these points be waived by mutual consent or otherwise. One end will be considered played for every point so scored.

4. In the event of both competing rinks being unready to play when signal is given, the umpire will score one point for each rink and one end will be considered played for every fifteen (15) minutes or fraction thereof they are late.

5. When ten-end games are being played umpires will signal for completion of game at two hours and twenty-five minutes after the start of each draw. When twelve-end games are being played umpires will signal at two hours and fifty-five minutes after the start of each draw and games must finish with the completion of the end being played, excepting any game which may be tied at the completion of that end, such tie games to proceed until a point is scored to decide the game. A rock must have been thrown by a player before an end can be said to be in progress of being played. In the case of a double rink event, an end will be considered started for both games when a rock has been thrown on one sheet, also an end cannot be considered completed until the same number of ends have been played in each game.

6. When six penalty points in a ten-end game or seven penalty points in a twelve-end game have been scored against a rink in default for being late in accordance with the foregoing rules, the umpire shall immediately declare the opposing rink the winner of that game and shall report accordingly, and the committee shall take that game as having been played.

7. The two skips opposing each other shall settle by lot, or in any other way they may agree upon, which player shall lead in the first end actually played.

8. Two sets of rocks will be placed on each sheet of ice by the Association and numbered to correspond with the number of the sheet. One set will be identified with blue labels and the other with red labels. Rinks must play with the rocks provided on the sheet of ice and the skips can settle by lot or in any other way they may agree upon as to the choice of rocks. Under no circumstances will players be allowed to use their own rocks; nor can rocks be moved from one sheet to another.

9. If one player on a rink be not on hand at starting time, three players may proceed with the game in accordance with the Rules of the Game, paragraph 22. The player coming late may sweep as soon as he comes upon the ice, but cannot play his stone until after the completion of an end; with the following exceptions: A skip or third may play if he comes upon the ice before the second has delivered more than two stones, a second may play if he comes upon the ice before the lead has played more than two stones.

10. The Manitoba Curling Association will insist that all curlers living within the jurisdiction of the Manitoba Curling Association, to enter in the bonspiel, shall be active

members of an affiliated club and wherever possible a rink must be composed of members of the same club. If members of one club find it impossible to make up a complete rink of four men, then it will be permissible to fill the rink with members in good standing from some other club affiliated with the Manitoba Curling Association. In all cases the consent of both or all clubs concerned shall be given. The Council of the Manitoba Curling Association reserves the right to drop from bonspiel play any rink which is not composed fully of members in good standing of an affiliated club or clubs. A member in good standing is one who pays the annual dues set by that club for active playing members. In the event of a member of a club located in Greater Winnipeg playing with a rink from outside the district of Greater Winnipeg, such member must pay bonspiel entry fee as set for Winnipeg and district curlers.

11. Umpires shall use measuring sticks supplied by the Association to determine whether or not a rock is a counter on outer ring.

12. Rinks entered in any competition must have four active players and go through the Open Events with the four named players as entered on official entry form, no substitute being allowed. All players must be in good standing in their respective clubs at least thirty days prior to the Bonspiel.

13. Rinks must play as entered on the official entry form in all Open Events and shall play in each Open Competition in the position fixed by the skip in the playing of the first end of any game. No change shall be made once game has started.

14. In the event of a rink becoming incapacitated through illness or unavoidable absence of any player, no substitute player may be entered but the three remaining members may continue to play, but no rink will be allowed to continue with less than three members.

15. Unless otherwise provided in the rules governing the competition or as set out in Rule 1, twelve ends shall be played in each successive game, and in the event of the score being tied when twelve ends have been played an extra end or ends shall be played until the winner is decided.

16. In the event of any disagreement between skips, the umpire shall be asked for a decision. In the event of his decision being disputed by either or both of the contestants (skips), the matter may be appealed to the Chairman of the Ice Committee and his decision shall be final.

17. The umpire at the close of each game, shall, together with the losing skip, sign the score cards.

18. In the opening round of any bonspiel event rinks will play as drawn regardless of the club to which they belong.

19. All trophies, tankards and cups, shall, unless otherwise provided for, remain the property of the Association; but winners of such, who may desire to retain them for any stated time, may have them upon giving ample security for their safe return.

20. For the purpose of Rules, the Henry Birks, City Hydro, Hudson's Bay, Monarch Life, Black & Armstrong, Ganong, Eaton, Grain Exchange, Imperial Oil, Canada Packers, Winnipeg Electric and Free Press competitions shall be considered open events.

21. Photograph of all cup winners will be taken at the rink immediately after the final game. This will be done at the cost to the Association. Anyone wishing copies will have to place their order direct with the photographer at their own expense.

22. Competitions listed in this programme on pages 44 to 62 are men's competitions and shall be open to men only. Competitions on pages 72 to 76 are women's competitions and shall be open to women only.

23. Where no specific rule is given to apply to competition, then the General Rules of the Manitoba Curling Association shall apply. Should any emergency arise during the time of the bonspiel, the Ice Committee may change general bonspiel rules.

RULES OF THE GAME

1. The standard length of the rink shall be 46 yards from hack to hack, and shall be laid out according to the annexed diagram.

2. From and in exact alignment with both tees, a line, called the centre line, shall be drawn to a point four yards behind each tee; at this point a line shall be drawn at a right angle to the centre line, on which the hack shall be cut. The hack shall not exceed six inches in length, nor shall the inner edge thereof be more than three inches from the centre line, so that all stones shall be delivered with their centre upon the centre line.

3. No important match shall be commenced if the ice be not in a condition fairly to test the curling skill of the competing players. The umpire's decision regarding the condition of the ice shall be final in all cases.

4. All matches must be the majority of shots won, after playing a certain number of heads. In the event of both parties being equal at the conclusion of the match, play shall be continued, under the direction of the umpire, by all rinks engaged for another head, or for such additional number of heads as may be necessary to decide the match.

5. Every rink to be composed of four players a side, each using two stones, and playing one stone alternately with his opponent, and the rotation of players observed in the first head shall not be changed during the match.

6. The two skips opposing each other shall settle by lot, or in any other way they may agree upon, which party shall lead in the first head, after which the winning party shall lead.

7. The skips shall have the exclusive management and direction of the game for their respective parties, and may play last or in any part of the game they please, but are not entitled to change their places when once fixed. When their turn to play comes, they shall each appoint one of their players to act in their places as skip of the game, and must take the position of ordinary players until they have played and returned to the tee-head as skips.

8. Players during the course of each end shall be arranged along the sides, but well off the rink, as their skips may direct; and no party except when sweeping, according to rule, shall go upon the middle of the rink. Skips alone have to stand within the twelve-foot circle; the skip of the party playing to have the choice of place, and must not be obstructed by the other in front of the tee; while behind it, the privilege of both, as regards sweeping, shall be equal.

9. Every player must be ready to play when his turn comes, and shall not take more than a reasonable time to play; should he play a stone belonging to another player, the stone so played shall remain in play until it comes to rest and the stone which should have been played shall be put in place of the stone played in error to the satisfaction of the opposing skip.

10. If a player should play out of turn, the stone so played shall remain in play and the player missing his turn shall play his rink's last rock on that end.

11. If any player engaged or belonging to either of the competing clubs shall taunt or otherwise interrupt any other player not of his own party, while preparing to play his stone, so as to disconcert him, one shall be added to the score of the party so interrupted for each interruption and the play proceed.

12. If in sweeping, or otherwise, a running stone be marred by any of the party to which it belongs, it shall be put off the ice, but if marred by any of the adverse party, it shall be placed wherever the skip of the party to which it belongs may direct. Should any played stone be replaced by any of the players before the head is reckoned, it shall be placed as near as possible to where it lay, to the satisfaction of, or by the skip opposed to the party displacing it. If displaced by any neutral party both skips to agree upon the position to which it is to be returned, and if they fail to agree, the umpire shall decide.

13. The sweeping shall be under the direction and control of the skips. Upon all occasions a stone may be swept from the HOG SCORE nearest the point from which the stone is delivered, and may be swept by the party to which side it belongs until it comes to the SWEEPING SCORE; but all stones when they have passed the sweeping score

may be swept by EITHER SKIP ONLY. Skips will have the liberty to sweep behind the tee at all times, except when a player is receiving directions to play from the skip. All sweeping shall be across the rink, and the sweeper must be in front of the stone being swept, and at one side thereof; and no sweeping shall either be moved forward, or left in front of a running stone or a stone "at rest."

14. All stones shall be of circular shape. No stone, including handle, shall be of greater weight than forty-seven and one-half pounds, or of greater circumference than thirty-six inches, or of less height than one-eighth part of its greatest circumference.

15. A stone which fails to pass the hog line shall be removed from the ice, unless it has been prevented from passing by striking another stone lying in play.

16. All stones which have passed the back line shall be removed from the ice.

17. Every stone within or resting upon the outer ring shall be entitled to be counted in the game and a stone shall not be considered over a line unless it has crossed it and entirely cleared it.

18. No stone or side of a stone shall be changed after a match has begun unless with the consent of the opposing skip. Should a stone happen to be broken during the game, the largest fragment shall be considered in the game for that end, and the player shall be entitled to use another stone or another pair, during the remainder of the game.

19. Should a played stone roll over or stop on its edge, or top, it shall be put off the ice. Should the handle quit the stone in delivery, the player shall be entitled to replay the stone if it is stopped before it reaches the hog score at the end of the rink to which it is being delivered.

20. No measuring of shots allowable previous to the termination of the end. Disputed shots to be determined by the vice-skips; or if they disagree, by the umpire; or, if there is no umpire, by some neutral person chosen by the skips. All measurements to be taken from centre of tee to nearest point of stone, after removing stones interfering.

21. If any of the competing rinks are not ready to begin play at the hour named for a match, one end shall be counted as played for every 15 minutes delay; and the opposing rink, if ready to play, shall count one point in the game for each such period of time it is kept waiting.

22. No rinks shall be eligible to enter the bonspiel unless in the first game played they start with four bona fide active players. If, however, after starting the first game in the bonspiel, any member through sickness, or other unforeseen circumstances, is unable to play, then the following rule to apply:

(a) If the skip be absent, then the third man becomes skip, and the second man plays his own and the third pair of stones.

(b) If the third player be absent, the second man shall play second and third place.

(c) If the second man be absent, the lead shall play both first and second stones.

(d) If the lead be absent, the second player shall play his own as well as the lead stones.

(e) No sweeper shall be allowed for the absentee, and no rink shall continue to play with less than three men.

23. After all the stones have been played in each head, the head shall be counted as follows: the side having one or more rocks nearer the centre than any of those of the opposing side shall count one point for each rock nearer such centre point, that is to say, if one skip has three rocks nearer the centre point than the other, and then the other skip has one rock the fourth nearest, then the first skip has three more, the first skip shall only count three because the fourth rock would destroy the others, and so on.

24. The game is scored by ends, the side winning the greatest number of shots in the head counts one point for each shot, and the game is totalled at the completion of the required number of ends, and the side having the greatest number of points wins the game.

25. In connection with competition, where the question is raised as to whether a game is played or defaulted, it shall be understood that all games where six ends or more have been played the game shall be considered a played game and all games called prior to the completion of the sixth end by the Ice Committee shall be declared no contest and redrawn, the contestants to start from scratch on new draw.

HONORARY LIFE MEMBERS 1949

P. J. HALLEMANS came to Manitoba from Belgium in 1902 and started his curling career in Treherne in 1907. He was connected with that club in 1910 and then joined the Swan Lake Curling Club, of which he is still an active member. He was president of the Swan Lake Curling Club from 1920 to 1925 and has curled in the Manitoba Curling Association bonspiel for many years. Mr. Hallemans has always been a popular out-of-town visitor to our bonspiel and has always taken a keen interest in the affairs of the association. During the 1948-49 season he was president of the Past Presidents' Association of the Manitoba Curling Association.

JAMES COLLINSON was born in Newcastle-on-Tyne, Northumberland, England, on the 21st day of May, 1870, and came to Manitoba in 1904. He played his first game of curling at Souris in 1912, and was elected president of that club following a number of years of service as a member of the executive. He first attended the Manitoba Curling Association bonspiel in 1921 and took in this event on a number of occasions, his last appearance being in the 1948-49 bonspiel. Mr. Collinson passed away on October 5th, 1949.

H. A. LYE was born on a farm near MacGregor in 1892. He served in the First World War as an officer in the Royal Naval Air Service for four years. Called to the Manitoba Bar in 1921, he was appointed a King's Counsel in 1946. His curling career started in MacGregor in 1922, and he has been secretary-treasurer of the club for the past twenty-five years. Due principally to the fact that Mr. Lye has been a leading figure in numerous civic, political, sport and other organizations, he has never been able to take part in the Manitoba Curling Association bonspiel. However, like a good many of our other honorary life members, he is at the present time carrying on the work of the association in the capacity of a group chairman for the British Consols trophy playdowns.

DAVID W. PETCH began his curling career in Miami in 1909. Following two years as president of that club, he took over the duties of secretary-treasurer and acted in that capacity for a period of twenty years. He moved to Virden in 1941, and in 1942 was appointed secretary-treasurer of that club, and is at the present time still occupying that important position. His first appearance in the Manitoba Curling Association bonspiel was in 1913, and since that time he has attended twenty-nine bonspiels, and by attending the 1949-50 bonspiel hopes to make it an even thirty that he has taken part in. Mr. Petch is continually working on behalf of the Manitoba Curling Association, and is at present time a group and district chairman for our British Consols trophy playdowns.

ALEXANDER McMAHON was born in Kirkcaldy, Fifeshire, Scotland, on the 4th day of January, 1891. He arrived in Winnipeg in 1912 and started his curling career in the 1913-14 season. He curled three years with the C.P.R. Curling Club from 1915 to 1918. He joined the Civic Curling Club in 1919 and made his first appearance in the

Manitoba Curling Association bonspiel that year. In 1927 Mr. McMahon enrolled as a member of the Caledonian Curling Club. Following eleven years service as an executive member of that club, he was elected their president for the season 1935-36. He was one of the many figures in the organization of the Civic-Caledonian Curling Club in 1938 and until the present season, has been a member of their executive committee. During the season 1943-44 he was president of that organization. For some seven years he was a valued member of the executive council of the Manitoba Curling Association, and was chairman of the credential committee for four years. He was also a member of the Red Cross committee and various other committees and has always been a good worker in promoting the affairs of the association.

HARRY F. R. BAKER was born in Devon, England, on the 25th day of March, 1879, and came to Canada in 1901. He threw his first curling rock in 1902 in the Stonewall rink, and was an interested spectator of the game for a few years, occasionally getting an odd game in minor bonspiels. He finally joined the Civic Club in 1915 and entered his first Manitoba Curling Association bonspiel in 1916. He remained with this club until the Thistle Curling Club was built on Minto Street and was a member of that club for about twenty years, serving on the executive and finally being honored with the presidency; and he also represented the club on the Manitoba Curling Association executive council. He was one of the founders of the Past Presidents' Association, of which body he is a past president and an honorary life member. Of late years Mr. Baker has been a member of the Granite Curling Club in Winnipeg and is still active in club affairs and expects to take in a few more bonspiels.

CLIFFORD R. HUDSON was born in Kenora, Ontario, and started curling as a member of that club in 1909. He attended his first Manitoba Curling Association bonspiel in 1911 and has missed only four or five in the intervening years. He was a member of the Granite Curling Club in Winnipeg during the seasons 1915-16 and 1916-17. After the war he joined the Strathcona Curling Club in Winnipeg in 1919 and was president of that club for the season 1928-29, and is still an active member. He was first vice-president of the Manitoba Curling Association during the season 1941-42, and in 1942-43 became president of the association. Mr. Hudson served on the executive council of the Manitoba Curling Association for five years.

HON. W. R. CLUBB was born at Morris, Manitoba, on the 7th day of October, 1884. His first interest in curling came about in the year 1909 when he became a member of the Morris Curling Club. The only other club that Mr. Clubb has been connected with is the Granite Curling Club in Winnipeg, of which he is a member at the present time. He attended his first Manitoba Curling Association bonspiel in 1922 and has taken part in many bonspiels since that date. He served as president of the Morris Curling Club for one term and was president of the Manitoba Curling Association in the season 1937-38. He also served as president of the Granite Curling Club for the season 1943-44. Mr. Clubb has always been very much interested in promoting goodwill among curlers and is at the present time a member of the team of Canadian curlers visiting Scotland.
